

# WELCOME BIG RED!

Stagecoach is proud to introduce the latest addition to our Large Forklift Family at our Welch Facility in El Paso, Texas. This USA made quality Taylor lift has a capacity of 55,000 lbs and is specially equipped with a steel ram for specialized coil distribution and handling.

We now have a total of 3 large capacity forklifts with ratings from 35,000 - 55,000 lbs. We also have specialized attachments for these lifts including a 40' spreader bar and pipe handling booms.

In addition to our large lifts we have 45 forklifts ranging in capacity from 3,000 – 25,000 lbs to handle any material handling and transload needs that you may have.

With a full host of specialized and heavy lift equipment, terrific facilities and motivated personnel using the latest technology we are prepared to handle your transloads and specialized distribution today!

## Transloading Abilities

- Flatbeds • Gondola Rail Cars • Bulk Cars • Dry Vans • Open Top Railcars • A Frame Railcars • Flat Cars • Center Beam Railcars • Ocean Containers

## Other Services

- Dedicated Flatbed and Heavy Haul Services
- Trucking Services - 48 State
